

Associating a WDA-1000 to the Symbol 9090 with Windows Mobile 5 Operating System

<p>Click the Bluetooth Symbol on the bottom right hand corner. Select “Show BTE Explorer”.</p>	
<p>Click the dropdown “Explore Services on Remote Device”. Select “Associate Serial Port”. Click Next</p>	
<p>Click and hold within the list box until the menu displays. Select “Discover Devices”. After the discovery is complete, select the WDA-1000 from the list. Note that the Bluetooth serial number is on the bottom left corner of the WDA-1000. 080106 is the manufacturing date. Click Next.</p>	
<p>On the Associate Serial Port screen, select the COM Port. Click “Finish”.</p>	
<p>Once finished, click the “X” on the top right corner to exit BTE Explorer.</p>
